MORNING MEETING ACTION ITEM

TO: DD/I

The Director led a discussion concerning the repercussions of the current monetary crisis in Europe, and the DD/I agreed to explore whether OER could undertake a study which might usefully illuminate some of the issues at stake.

Action Taken - 20 November

OER is preparing a non-technical paper on the implications of the current monetary crisis. Target date for completion is 22 November. A longer piece will subsequently be prepared which discusses the dangers of international monetary instability.
